Professional Summary

Dedicated Frontend Developer with 2+ years of experience specializing in React.js, Next.js, Vue.js, and modern web technologies. Proven track record of delivering high-performance web applications that drive business growth and enhance user experience. Passionate about creating scalable, maintainable solutions using cutting-edge technologies and best practices.

Professional Experience

- Topdot Hybrid
Frontend Developer July 2024 – Present
- Enhanced website performance through React.js and Next.js optimization, achieving 30% reduction in load times
 - Implemented responsive design principles, resulting in 25% increase in mobile traffic and 20% improvement in user retention
 - Collaborated closely with UX/UI teams to translate design mockups into pixel-perfect, interactive user interfaces
 - Contributed to code reviews and maintained high coding standards across the development team
- Absoluit Hybrid
Associate Software Engineer April 2023 – December 2023
- Architected and developed a Progressive Web Application (PWA) using React.js, increasing user engagement by 25%
 - Created a comprehensive component library with reusable UI elements, reducing development time by 20%
 - Implemented SEO best practices with Next.js, driving 30% increase in organic traffic and improved search rankings
 - Participated in agile development processes and sprint planning sessions
- Final Year Project, FAST-NUCES Pakistan
Full-Stack Developer September 2022 – March 2023
- Developed a comprehensive event management system using React.js, Node.js, and MongoDB
 - Implemented real-time notifications and responsive UI design, improving user engagement by 35%
 - Successfully deployed application on Vercel with optimized performance for 500+ concurrent users
 - Managed complete project lifecycle from requirements gathering to deployment and maintenance

Education

FAST-NUCES Pakistan
Bachelor of Science in Computer Science, Graduated with Honors 2019 – 2023

Technical Expertise

Frontend Technologies: HTML5, CSS3, SCSS, JavaScript (ES6+), TypeScript, React.js, Vue.js, Redux, Context API, Next.js, Gatsby, Tailwind CSS, Bootstrap, Material-UI, GSAP, Framer Motion
Backend & Database: Node.js, Express.js, MongoDB, PostgreSQL, RESTful APIs, GraphQL
Development Tools: Git, GitHub, GitLab, Vercel, Netlify, Firebase, Webpack, Vite, Docker

Languages

English: Professional working proficiency
Urdu: Native speaker

Notable Projects

hamzabhutta.vercel.app

Personal Portfolio Showcase

- Developed a dynamic, interactive portfolio using React.js, Next.js, and GSAP animations
- Implemented responsive design with smooth transitions and modern UI/UX principles
- Integrated contact forms and project showcases with optimal performance metrics

Technologies: React.js, Next.js, GSAP, Tailwind CSS

Live Demo Available

E-commerce Platform

- Built a comprehensive e-commerce solution with advanced product filtering and search functionality
- Implemented secure payment integration and user authentication systems
- Optimized for mobile-first experience with progressive web app capabilities

Technologies: React.js, Node.js, MongoDB, Stripe API

Production Ready

Scheduling Management System

- Created a sophisticated booking platform with real-time availability synchronization
- Integrated calendar APIs and implemented conflict resolution algorithms
- Designed intuitive user interface with seamless booking experience

Technologies: React.js, Firebase, Calendar APIs

Enterprise Solution

Productivity Management Platform

- Developed a comprehensive workspace management solution with collaboration features
- Implemented real-time data synchronization and intuitive dashboard interfaces
- Integrated multiple productivity tools into a unified platform

Technologies: React.js, Next.js, WebSocket, PostgreSQL

Professional Certifications

2024: Advanced React – Meta (Coursera)

[View Certificate](#)

2023: Frontend Development Libraries – freeCodeCamp

[View Certificate](#)

2023: DevOps Essentials – IBM

[View Badge](#)

Additional Information

Availability: Immediately available for full-time or freelance opportunities (remote or hybrid)

Professional Interests: Open-source collaboration, performance-driven UI/UX, web accessibility (a11y), and frontend tooling innovations

Personal Interests: Design systems, Distribution systems, Learning
