PROFESSIONAL SUMMARY

Experienced Frontend Developer with 1.5+ years of expertise in React.js, Next.js, and modern web technologies. Proven track record of delivering high-performance applications that drive business growth and enhance user experience. Specialized in performance optimization, responsive design, and scalable frontend architecture.

PROFESSIONAL EXPERIENCE

Topdot

July 2024 – Present

Frontend Developer

Hybrid

- Architected and optimized React.js and Next.js applications, achieving 30% reduction in load times through advanced performance optimization techniques
- Led responsive design initiatives resulting in 25% increase in mobile traffic and 20% improvement in user retention metrics
- Collaborated with cross-functional teams including UX/UI designers and backend engineers to deliver pixel-perfect, high-performance user interfaces
- Implemented modern frontend architecture patterns and maintained coding standards through comprehensive code reviews
- Optimized web application performance using React DevTools, Lighthouse audits, and progressive web app implementation

Absoluit

April 2023 – December 2023

Associate Software Engineer

Hybrid

- Designed and developed scalable Progressive Web Application using React.js, resulting in 25% increase in user engagement
- Built comprehensive component library with 50+ reusable UI elements, reducing development time by 20% across team projects
- Implemented advanced SEO optimization strategies with Next.js including SSR and meta management, driving 30% increase in organic traffic
- Participated in full software development lifecycle within agile methodologies and sprint-based delivery frameworks
- Mentored junior developers on React best practices and modern JavaScript ES6+ features

FAST-NUCES

September 2022 – March 2023

Full-Stack Developer

Final Year Project

- Developed comprehensive event management system using React.js, Node.js, and MongoDB for university-wide event coordination
- Implemented real-time notifications and responsive UI design, improving user engagement by 35% during testing phase
- Successfully deployed application on Vercel with optimized performance supporting 500+ concurrent users
- Managed complete project lifecycle from requirements gathering to deployment and maintenance

TECHNICAL EXPERTISE

Frontend	React.js, Next.js, Vue.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS
Styling & UI	Tailwind CSS, Material-UI, Bootstrap, Styled Components, Responsive Design
Backend	Node.js, Express.js, RESTful APIs, GraphQL, MongoDB, PostgreSQL
Tools & Platform	Git/GitHub, Webpack, Vite, Docker, Vercel, Netlify, Firebase
Testing & Quality	Jest, React Testing Library, ESLint, Prettier, Chrome DevTools

EDUCATION

Bachelor of Science in Computer Science, FAST-NUCES	Graduated: July 2023
Relevant Coursework: Data Structures, Algorithms, Database Systems, Software Engineering, Web Development	

KEY ACHIEVEMENTS

- Performance Optimization:** Improved application load times by 30% through code splitting, lazy loading, and bundle optimization
- User Experience Enhancement:** Increased mobile user retention by 20% through responsive design and PWA implementation
- SEO & Traffic Growth:** Drove 30% increase in organic search traffic through Next.js SSR and comprehensive SEO strategies
- Development Efficiency:** Reduced team development time by 20% through reusable component library and coding standards
- Cross-functional Collaboration:** Successfully delivered multiple client projects on time through effective team coordination

PROFESSIONAL CERTIFICATIONS

• Advanced React - Meta (Coursera)	2023
• Frontend Development Libraries - freeCodeCamp	2023
• DevOps Essentials - IBM	2023

ADDITIONAL INFORMATION

- Languages:** English (Professional), Urdu (Native), Dutch (Conversational)
- Availability:** Open to remote, hybrid, or on-site opportunities across Europe and Asia
- Interests:** Open-source contribution, web performance optimization, modern frontend architecture patterns
